### **Amano Cincinnati, Inc. Becomes Exclusive Distributor for Impro Technologies Access Control Products.**

January 18, 2007, Roseland, NJ - Impro Technologies (U.S.) Ltd has joined forces with Amano Cincinnati, Inc. of Roseland, New Jersey. This exciting development gives Amano the exclusive distribution rights for the Impro Access Control products throughout the United States, Canada and the Caribbean Islands.

All of the management, sales, support and administration staff from Impro's Tampa and Ohio offices have joined Amano and will continue to provide you with the same high level of service that you have been accustomed to. The existing Impro distribution channels will be retained, supported and developed.

In recent years Amano Cincinnati has been marketing the Impro range of products under their own label. Customers of both Impro and Amano will now benefit from the combined engineering, technical support, marketing and logistical resources of both companies. This new distribution agreement creates a capable security business, which will be able to sustain the recent growth generated in the USA market by both Impro Technologies and Amano Cincinnati.

Mr. Alan Poulton, previously President and Chief Executive of Impro, has been appointed as Executive Director, Security Systems Division at Amano.
