### **Amano Introduces Biometric Fingerprint Time & Attendance System**

**Roseland, New Jersey** (February 1, 2009) – Amano Cincinnati, Inc., a world leader in the design and manufacturing of time clocks and time and attendance systems is pleased to announce the Time Guardian® FPT-40 to small businesses and large enterprises. The Time Guardian® FPT-40 is an employee time tracking system designed to eliminate “buddy punching” through fingerprint recognition.

The Time Guardian® FPT-40 time clock system minimizes payroll, eliminates the cost of issuing and reissuing cards and badges, while reducing manual calculation errors. This economical biometric system also interfaces with most common payroll applications, thereby providing a complete turn-key solution to accurately and efficiently manage your payroll. Additional features include:

- Direct USB connection or Ethernet communication
- Plug and play installation Wizard®
- Totals hours for 100 employees
- Two punch options: keypad or fingerprint
- Weekly, bi-weekly, semi-monthly, and monthly pay periods
- Automatic data polling and time synchronization
- Ability to round totals to meet company policy
- Unlimited number of departments, pay policies, schedules, and holidays
- Tracks and reports wages, tips and bonuses
