Amano Leads the Way in Time Management and Access Control Integration

Roseland, New Jersey – June 23, 2010 Amano Cincinnati, Inc. today announced the release of its latest employee time tracking solution, Time Guardian Plus that seamlessly integrates with Amano's state-of-the-art physical access control solution. Using a shared database, the integrated software facilitates the data exchange between time and attendance and access control applications. This fully integrated solution was designed to increase accuracy, boost efficiency and reduce administrative expense of managing individual systems.

Time Guardian Plus allows you to track and manage employees' time directly from a PC utilizing access control terminals. This complete, easy to use system automates the collection, calculation and preparation of employee time data for processing payroll. Time Guardian Plus includes comprehensive standard reports, automatic data polling, 13 built-in payroll interfaces, and unlimited number of departments. In addition, Time Guardian Plus provides simple setup wizard for installation and maintenance, multi-user rights and expandable modules to give you the flexibility you need as your business grows.

Key Benefits include:

- Available Access Control Module, which supplies full integration with Amano Access Control products: AmanoNet 7.6 & Nexus 220
- Easy-to-use Setup Wizard for installation and maintenance
- Multi-user rights for 5 concurrent users with available incremental user upgrades to increase the amount of concurrent users
- Automatically totals hours for 100 employees (available upgrade from plus 25 to unlimited employee amount allows you to add employee capacity as needed)
- Multiple hardware options include barcode, mag stripe, proximity, biometric, and fingerprint readers powered by Sagem technology
- Interfaces with popular payroll: ADP, QuickBooks (full integration and Gold Developer), Paychex, Peachtree, and more (50+ payroll interfaces available)
- Available Web Interface Module provides web access for popular functions such as schedule and time card management
- Seamlessly import information from Amano's Access Control systems, and from sources like Excel worksheets and other payroll files to reduce employee data entry from days to minutes
- Eliminates manual calculation errors associated with time cards

ABOUT AMANO CINCINNATI, INC:
